After Final Office Action of June 30, 2009

**AMENDMENTS TO THE CLAIMS** 

1. (previously presented) A table saw comprising:

a support structure; and

a guard assembly for guarding a blade on said table saw, said guard

Docket No.: 0275A-000749/US

assembly including a hood assembly including a first side curtain, a second side curtain,

and a quick release mechanism, said quick release mechanism coupled to said first and

second side curtains and selectively engaged with said support structure to provide

selective engagement between said support structure and said entire hood assembly, said

quick release mechanism including a fixed tab, a push tab and a spring, said fixed tab and

said push tab pivotally connected to a pivot pin, said push tab including a lock pin and said

support structure including an aperture for receiving said lock pin, said lock pin being

displaceable between engaged and disengaged positions, said lock pin coupling said

quard assembly to said support structure when in said engaged position and said quard

assembly being removable from said support structure when said lock pin is in said

disengaged position, said spring urging said lock pin into engagement with said support

structure.

2. (previously presented) The table saw of claim 1, wherein said support

structure includes a riving knife.

3. - 4. (cancelled)

5. (previously presented) The table saw of claim 1, wherein said hood

assembly further includes a locking mechanism adapted to selectively engage and secure

said at least one of said first and second side curtains.

6. (previously presented) The table saw of claim 5, wherein said locking

mechanism includes a screw and a wing nut.

Application No. 10/829,605 Docket No.: 0275A-000749/US

Amendment dated

After Final Office Action of June 30, 2009

7. (cancelled)

8. (previously presented) The table saw of claim 5, wherein said first and

second side curtains are moveable in accordance with said engagement of said locking

mechanism.

9. (cancelled)

10. (previously presented) The table saw of claim 1, wherein said first side

curtain includes a first coupler, and said second side curtain includes a second coupler

adapted to engage said first coupler thereby connecting said first and second side curtains.

11. (previously presented) The table saw of claim 10, wherein said first coupler

includes a female snap-fit connector and said second coupler includes a male snap-fit

connector adapted to selectively interconnect with the first coupler providing for

codependent movement of said first and second side curtains.

12. (previously presented) The table saw of claim 1, wherein each of said first

and second side curtains are independently removable from said hood assembly.

13 - 47. (cancelled)
